What we do

Digital marketing & branding is proven to be the essentials of product selling & company portfolio. Digitalisation has lead us out of the era of printed ads & Tv advertisement . Digital marketing is rapidly growing since last 10 years & is slowly becoming the epitome of marketing & brand story.

Your website is your intellectual asset & 24*7 marketing representative, the question that arises here is,

How easily can it be found? We help you to create an online impression & a brand story with the help of advertisement & marketing.

How we do it (new write up)

Branding

We design brands that pique curiosity, express ambition and encourage loyalty. We rely on principles of modern design to ensure the details are carefully considered and the design is eloquently executed.

Digion prime uses the power of branding, branding helps a product to deliver precise image & representation of the product.

Strategic Planning

We identify actionable opportunities, then prioritise them by value, effort and risk—we intend to start 'doing' as quickly as possible. Common activities include product roadmapping, conducting user research and planning content and technology.

User Experience

We marry creative insight with data to deliver successful user experiences. Through a process of iteration and prototyping, we design interfaces that bring joy to people while allowing them to get things done.

Video streaming (fetched from old)

We are a Indian start-up delivering our services with a unique concept of "fun and earn " . And have successfully made our paths in world of video advertisement. We have subscriber base of thousands which is increasing exponentially daily. We help in one to one marketing & advertisement of your product & services.

Analytics & Optimisation

We create user activation programs for onboarding, one-to-one engagement and churn reduction. We measure success and ensure optimal reach by implementing holistic frameworks for monitoring, analytics, SEO, social and content syndication.
